## Summary

Driven by a passion for technology and innovation, I excelled as an Intern at Codeblind Technologies, where I spearheaded the creation of a customer-centric chatbot and advanced predictive analytics models. My blend of problem-solving prowess and excellent communication skills, alongside proficiency in machine learning and database management, positions me as a dynamic asset to any team.

## Skills

- Problem-solving
- Database management
- Multitasking and organization
- Excellent communication
- Power BI tools
- Machine learning
- Web development projects

## Experience

12/2024 - 12/2024

Intern, **Codeblind Technologies**, Coimbatore, India

- Created a chatbot tailored for stationery stores to improve customer engagement.
- Developed machine learning models and algorithms for predictive analytics.
- Worked with cross-functional teams to achieve goals.

Volunteer, **IEEE UP-Skill Event**, Coimbatore, India

- Facilitated the promotion of IEEE and provided guidance to external participants.
- Collaborated with other volunteers to create a positive work environment.

## Education And Training

Expected in 04/2027

B.E.ECE

**Sri Krishna College Of Engineering And Technology**, Coimbatore, India

- 8.5 GPA
- **Projects** : IOT- based solar tracking system ,
- House price prediction ml model, Diabetes prediction ml model
- Weather App using React, HTML, CSS
- Landing page- Nutfusion using HTML, CSS

## Certifications

- Ethics in engineering practices - NPTEL scored 85% with elite silver badge
- Intro to cybersecurity - Cisco
- Ui-path Automation - ICT Academy
- Intro to machine learning - Infoys Springboard

## Accomplishments

II nd place in paper presentation and III in treasure hunt in SANGRAHA-SREC  
Cash prize in IEEE pathfinder event organized by KPRIET

## Languages

**Tamil**: First Language
